### Assignment:

1. Using either the computer or by hand, create a visual representation of what it means to you to have a “heart of gold”. (note: you will not have any computer lab time booked, you will need to bring in your own device. If you do not have your own device, you will have to do it by hand ☺)
2. On this poster or digital representation, choose a passage from the Bible that reinforces your picture.  
\*HINT: Try looking up a certain theme on a online Bible search.
3. Create an “action plan” of how you are going to be more generous and “pure of heart” in your life. You need to formulate a plan for what you will do to help at your house, your school, and in your community.
